"BULBS THAT BLOOM"

Wholesale and Retail Price List for Fall and Winter 1927

Please Read Carefully

All stock is offered and orders accepted subject to prior sale or advance in price, in which event money will be refunded.

Reference: First National Bank of Attleboro, Mass.

I exercise the greatest care possible to have every variety true to name, yet mistakes may occur, in which case upon notification I will replace free of charge or refund price paid on any bulbs that prove untrue to name.

Terms: Cash or equivalent with order. If desired 25% with order, balance before shipment or C. O. D. for Spring delivery

All stock is graded standard sizes: 1st size is 1 1-2 inch and up, 2nd size is 1 1-4 to 1 1-2 inch, 3rd size is 1 to 1 1-4 inch, 4th size 3-4 to 1 inch, 5th size 1-2 to 3-4 inch, 6th size is under 1-2 inch.

Six will be sold at dozen rate, 25 at 100 rate, 250 at 1000 rate.

At retail one-half size bulbs will be sold at one-half regular prices. For instance, if price of regular size is 10 cents, one-half size will be 5 cents, 50 cents dozen.

I do not substitute without permission, but give the growers a little leeway as to sizes, as I may be out of size ordered, but may be able to give good value of other sizes that will do just as well and save correspondence.

My stock is limited on some varieties and sizes, but if stock is wanted of sizes not listed, write me, as I no doubt have a few and can supply you. Also I have small lot of many varieties not listed, some new Deiners and Kundred varieties among them.

Correspondence solicited. Postage is paid on each and dozen lots, larger amount at purchaser's expense.

Varieties marked with a * can be furnished in 1000 lots of sizes 1 and 2, and Bulb-lets by the peck and bushel.

GLADIOLUS LOS ANGELES

The sensation of So. California. Color shrimp pink tinted orange with orange tinted carmine throat. The most beautiful Gladiolus yet produced. Gives a larger period of bloom than any Gladiolus known, as it has several branches that bloom after main branch is cut.

Don't fail to include this one in your order. Each 50 cents, 3 for \$1.25, dozen \$5.00.

While I do not guarantee the crop, I do guarantee satisfaction. You may examine the bulbs on arrival and if not satisfactory return them at once at my expense.

Just a Few Cultural Notes

The Gladiolus are so easy to grow that they may be planted anywhere so long as they are in the sun, but they will not do well in any shade. Don't try it.

Plant any time after the middle of April to the middle of June in any manner that best suits your plot of ground. Plant from 2 to 5 inches deep, the larger the bulb the deeper it should be planted. It stands up better.

Now start the cultivator. The more the soil is kept stirred when not too wet, the better it conserves the moisture and your plants will do better.

The Gladioli will take a lot of water at blooming time. If you are in a position to water them at that time, do so. If not, they will do fairly well without, by keeping the soil well stirred up.

When cutting the flower keep as many leaves as possible on the plant to mature the bulb. Too low cutting weakens the bulb.

When digging, cut the stalk close to the bulb and dry well. When well dried and cleaned, store in cellar away from the furnace. If near to furnace, keep dish of water near them.

The flower of the Gladioli is the finest for vases for the sick room, hospitals, churches, cemetery and decorations of all kinds. Use them freely.

While I have received many fine letters from pleased customers, I will quote only a short one here. Here is what Mr. Chas. E. F. Gersdorff of Washington, D. C. has to say of my bulbs:

Dear Mr. Frenier:

I want to acknowledge receipt of my order by express yesterday.
As fine a lot of bulbs as I ever received.

Become a member of the American Gladiolus Society. It devotes its entire attention to the interests of the Gladiolus and growers of the same over the entire country. Annual dues are \$2.00, payable to the secretary, John C. Davis, Rochester, N. Y.
